It is agreed that any amount to be retained by Holder and the balance to be paid by Buyer under this paragraph shall not be as a penalty but as liquidated damages for the breach hereof. The remedies provided for herein may be exercised, to the extent permitted by law, successively or concurrently and the exercise of one shall not bar the other. Buyer and Holder waive any and all right to a trial by jury in any action or proceeding based hereon. Buyer hereby irrevocably authorizes any attorney of any court of record to appear for and confess judgment against Buyer (except in any jurisdiction where such action is not permitted by law) for the Balance and other monies due to Holder, plus expenses and 20% added for attorney's fees, without stay of execution, and Buyer hereby waives and releases relief from any and all appraisement, stay or exemption laws then in force and further waives, with full knowledge of Buyer's rights and the effect of this waiver, any right to a hearing prior to any retaking of collateral by Holder. Holder is hereby authorized to file one or more financing statements or a reproduction hereof as a financing statement. All security interests shall attach to any proceeds. In its sole discretion Holder may apply and/or change applications of any sums paid and/or to be paid by or for Buyer under any agreements, to any obligations of Buyer to Holder, presently existing or otherwise. Each person signing this contract warrants full authority to sign for the party named and said person, individually, together with the party named, shall be jointly and severally liable for the Balance hereunder. Late charges shall be calculated at one-fifteenth of 1% per day but not exceed any maximum permitted by applicable law.

This contract note contains the entire agreement of the parties and may not be modified except in writing. Seller shall not by acceptance of overdue payments or by any act or omission to act be deemed to have waived any right hereunder. A waiver on one occasion shall not operate as a waiver on a future occasion. As part of the consideration for Seller's entering into this contract, Buyer hereby designates and appoints Stuart B. Glover, Esq., New York, New York, and C-A Credit Corp., New York, New York, or either of them, as Buyer's true and lawful attorney-in-fact and agent for Buyer and in Buyer's name, place and stead to accept service of any process within the State of New York, Holder agreeing to notify Buyer, at Buyer's address shown herein, by certified mail, within three days of such service having been effected. The parties hereto agree to the venue and jurisdiction of any court in the State of New York regarding any matter arising hereunder. Any provision hereof violating the law of any jurisdiction shall when governed by the law of such jurisdiction, be deemed void to the extent of such prohibition, but without invalidating the remaining provisions hereof. The parties each warrant and agree that Buyer has not received possession of the property prior to the date hereof. Intending that each and every provision of this contract note be fully effective according to its terms, the parties agree that the validity, enforceability and effectiveness of each provision hereof shall be determined by the law of the state of residence or principal place of business of the Buyer, Seller or Holder, whichever renders each such provision effective. In consideration of Assignee accepting this assignment/endorsement, Seller hereby designates and appoints Stuart B. Glover, Esq., New York, New York, and C-A Credit Corp., New York, New York, or either of them, as Seller's true and lawful attorney-in-fact and agent for Seller and in Seller's name, place and stead to accept service of any process within the State of New York, Assignee agreeing to notify Seller at its address shown in the contract by certified mail within three days of such service having been effected. Assignee may at any time, without prior notice or demand to Seller, appropriate and apply toward the payment of any of Seller's obligations to Assignee, any and all balances, sums, property, credits, accounts, reserves, collections, checks or instruments belonging or payable to Seller in Assignee's possession, and for such purposes endorse the name of Seller on any instrument payable to Seller. Seller agrees that Assignee may audit Seller's books and records relating to all paper sold to it and agrees that without notice to and without releasing the liability of Seller hereon Assignee may release any rights against, grant extensions of time of payment to, and compromise claims with Buyer or any other obligor on the contract and repossess and resell any property, and Seller waives presentment and demand for payment, protest and notice of protest hereof and as to any other note or notes endorsed or hereafter to be endorsed by Seller, and Seller expressly waives the benefits of any present or future provisions of law which might extend the obligation of Seller as the result of any extension obtained by Buyer in any proceedings under any present or future provisions of law.

Seller warrants that the contract is genuine and in all respects what it purports to be; that all statements therein contained are true; that the contract is fully enforceable and the only contract and note executed for the property; that at the time of the execution of this assignment and endorsement Seller had good title to the property and the right to transfer title thereto; that the property has been duly delivered and accepted in accordance with the terms of the contract; that all parties to the contract have capacity to contract; that Seller has no knowledge of any facts which impair the validity of said contract or render it less valuable or valueless; that there is unpaid and owing to the contract the whole of the balance due and Seller warrants against all liens, claims, defenses and counterclaims, real or claimed; Seller warrants compliance with all filing and recording requirements and all Federal, State and Municipal laws and rules, orders or regulations regarding conditional sale contracts, security agreements, notes and installment paper, hereby agreeing that any filing or recording or renewal thereof which Assignee may undertake at Seller's request, or otherwise, shall be at Seller's expense and without any responsibility whatsoever on Assignee's part for any omission or invalid accomplishment thereof, whether through Assignee's failure, neglect or for any reason, and such omission or invalid accomplishment shall not relieve Seller of any responsibility to Assignee. Assignee is hereby authorized to file one or more financing statements against or in the name of Seller. Seller expressly represents and warrants that the contract arises out of a bona fide sale in the first instance of the property by Seller to Buyer and that title to the property originated with Seller and not with Buyer and that prior to the execution of the contract, Buyer did not either directly or indirectly have any interest in the property, and that an actual delivery to and acceptance by Buyer has been made for Buyer's proper uses and purposes, and that any down payment was made by Buyer in cash and not its equivalent unless otherwise specifically stated in the contract and that no part thereof was loaned directly or indirectly by Seller to Buyer; Seller will not advance, give, or loan to Buyer directly or indirectly any part of the unpaid purchase price; that Buyer has not and will not either directly or indirectly receive from or through Seller any part of the consideration for this assignment and that Seller shall be fully liable for payment of all of Buyer's obligations in the event Buyer fails to pay its obligation under the contract in full immediately upon the sale, transfer, assignment or conversion of the property. Seller shall have no authority without Assignee's prior written consent to accept collection and/or repossess and/or consent to the return of the property and/or modify the terms of the contract. Pay to the order of Credit Alliance Corporation.

Notice of the acceptance hereof is hereby waived, and none of the terms hereof shall be modified except by a writing signed by an officer of Assignee. 1 To secure the payment, with interest thereon, and the performance and fulfillment of any and all Mortgage Obligations (as hereinafter defined) of Mortgagor to Mortgagee, which is hereby confessed and acknowledged Mortgagor hereby grants, assigns, transfers, bargains, sells, conveys, confirms, pledges and mortgages to Mortgagee, all and singular, the goods, chattels and property described in the annexed Schedule A and all other goods, chattels, machinery, equipment, inventory, accounts, chattel paper, notes receivable, accounts receivable, furniture, fixtures and property of every kind and nature, wherever located, now or hereafter belonging to Mortgagor (all such goods, chattels, machinery, equipment, inventory, accounts, chattel paper, notes receivable, accounts receivable, furniture, fixtures and other property being hereinafter referred to as the "Mortgaged Property"), to have and to hold the same unto Mortgagee forever, PROVIDED, however, that if Mortgagor shall fully timely and faithfully pay, perform and fulfill the Mortgage Obligations, time being of the essence hereof and of the Mortgage Obligations, then this Mortgage shall be void, but otherwise shall remain in full force and effect

2 The term "Mortgage Obligations" as used herein shall mean and include any and all loans, advances, payments, extensions of credit, endorsement, guaranties, benefits and financial accommodations heretofore or hereafter made, granted or extended by Mortgagee or which Mortgagee has or will become obligated to make, grant or extend to or for the account of Mortgagor, and any and all interest, commissions, obligations, liabilities, indebtedness, charges and expenses heretofore or hereafter chargeable against Mortgagor by Mortgagee or owing by Mortgagor to Mortgagee or upon which Mortgagor may be or have become liable as endorser or guarantor, and any and all renewals or extensions of any of the foregoing, no matter how or when arising and whether under any present or future agreement or instrument between Mortgagor and Mortgagee or otherwise, including, without limitation, any and all obligations and/or indebtedness of any and every kind arising out of one or more conditional sale contracts, equipment lease agreements, notes, security agreements, trust receipts and/or bailment agreements, and the amount due upon any notes or other obligations given to or received by Mortgagee for or on account of any of the foregoing, and the performance and fulfillment by Mortgagor of all the terms, conditions, promises, covenants, provisions and warranties contained in this Mortgage and in any note or notes secured hereby and in any present or future agreement or instrument between Mortgagor and Mortgagee

3 Mortgagor covenants and agrees with and warrants to Mortgagee that the Mortgaged Property described in the annexed Schedule A is in the possession of Mortgagor at its principal place of business (which is Mortgagor's address shown above), unless a different location is specifically shown on said Schedule A for any one or more items, that all of the Mortgage Obligations are acknowledged and declared to be secured by this Mortgage and that Mortgagor will fully and faithfully pay, perform and fulfill all of the Mortgage Obligations, with late charges thereon from and after maturity, whether by acceleration or otherwise, at the rate of 1/15 of 1% per day except where such rate is in excess of the maximum permitted by applicable law, in which event the rate shall be such maximum lawful rate. Mortgagor further covenants and agrees with and warrants to Mortgagee that

(a) Mortgagor is the lawful owner of the Mortgaged Property and has the sole right and lawful authority to make this Mortgage, the Mortgaged Property and every part thereof is free and clear of all liens and encumbrances of every kind, nature and description (except any held by Mortgagee); and Mortgagor will warrant and defend the Mortgaged Property against all claims and demands of all persons

(b) Mortgagor will keep the Mortgaged Property free and clear of all attachments, levies, taxes, liens and encumbrances of every kind, nature and description, Mortgagor, at its own cost and expense, will maintain and keep the Mortgaged Property in a good state of repair, will not waste nor abuse nor destroy the same or any part thereof and will not be negligent in the care and use thereof, and Mortgagor will not sell, assign, mortgage, lease, pledge or otherwise dispose of the Mortgaged Property without the prior written consent of Mortgagee. Mortgagee is hereby authorized to file one or more financing statements and/or a reproduction hereof as a financing statement.

(c) Mortgagor will insure the Mortgaged Property in the name of Mortgagee against loss or damage by fire and extended coverage perils, theft, burglary, pilferage, and also, where requested by Mortgagee, against other hazards, with companies, in amounts and under policies acceptable to Mortgagee, the proceeds to be payable to Mortgagee, and all premiums thereon shall be paid by Mortgagor and the policies assigned and delivered to Mortgagee. Mortgagor hereby irrevocably appoints Mortgagee as Mortgagor's Attorney-in-Fact to make claim for, receive payment of and execute and endorse all documents, checks or drafts received in payment for any loss or damage under any of said insurance policies and to execute any documents or statements referred to herein

(d) Mortgagor will not remove the Mortgaged Property from its present location without the prior written consent of Mortgagee nor change its present business locations without at least thirty days' prior written notice to Mortgagee and at all times will allow Mortgagee or its representatives free access to and right of inspection of the Mortgaged Property, which shall remain personally and not become part of any realty, and nothing shall prevent Mortgagee from removing same or so much thereof as Mortgagee, in its sole discretion may determine, from any premises to which it may be attached and/or upon which it may be located upon breach of this Mortgage. Mortgagor agreeing to deliver to Mortgagee appropriate waivers, satisfactory to Mortgagee, of owners and/or mortgagees of any such premises

(e) Mortgagor shall comply (so far as may be necessary to protect the Mortgaged Property and the lien of this Mortgage thereon) with all of the terms and conditions of leases covering the premises wherein the Mortgaged Property is located and with any orders, ordinances, laws or statutes of any city, state or other governmental department having jurisdiction with respect to the premises or the conduct of business thereon, and, where requested by Mortgagee, will correct any informalities or execute any written instruments and do any other acts necessary to more fully effectuate the purposes and provisions of this instrument

(f) Mortgagor will indemnify and save Mortgagee harmless from all loss, costs, damage, liability or expense including reasonable attorneys' fees that Mortgagee may sustain or incur to obtain or enforce payment, performance or fulfillment of any of the Mortgage Obligations or in the enforcement or foreclosure of this Mortgage or in the prosecution or defense of any action or proceeding either against Mortgagor or against Mortgagee concerning any matter growing out of or connected with this Mortgage and/or any of the Mortgage Obligations and/or any of the Mortgaged Property

(g) If Mortgagor is a corporation, the execution of this Mortgage has been duly consented to and authorized by all of the stockholders of Mortgagor and duly authorized by its Board of Directors. Mortgagor agrees to deliver to Mortgagee evidence thereof satisfactory to Mortgagee immediately upon request.

4 If Mortgagor shall default in the performance or fulfillment of any of the terms, conditions, promises, covenants, provisions and warranties on Mortgagor's part to be performed or fulfilled under or pursuant to this Mortgage, Mortgagee may, at its option, without waiving its right to enforce this Mortgage according to its terms, immediately or at any time thereafter, and without notice to or demand upon Mortgagor, perform or fulfill the same, or cause the performance or the fulfillment of the same, for the account and at the sole cost and expense of Mortgagor, and the cost and expense thereof (including reasonable attorneys' fees) shall be a lien on the Mortgaged Property, added to the amount of the Mortgage Obligations, and shall be payable on demand with interest at the rate specified in Paragraph 3 hereof. This Mortgage may be assigned along with any and all Mortgage Obligations without notice to Mortgagor and upon such assignment Mortgagor agrees not to assert against any assignee hereof any defense, set-off, recoupment, claim, counterclaim or cross complaint which Mortgagor may have against Mortgagee, whether arising hereunder or otherwise, and such assignee shall be entitled to at least the same rights as Mortgagor. Mortgagor hereby designates and appoints Stuart B. Glover, Esq., 530 Fifth Avenue, New York, New York and C-A Credit Corp., New York, New York or either of them as Mortgagor's true and lawful Attorney-in-Fact and agent for Mortgagor and in Mortgagor's name, place and stead to accept service of any process within the State of New York, Mortgagee agreeing to notify Mortgagor at Mortgagor's address, as shown herein, by certified mail within three (3) days of such service having been effected and Mortgagor and Mortgagee hereby specifically agree to the venue and jurisdiction of any court in the State and County of New York regarding any matter arising hereunder and with respect to the Mortgage Obligations. At Mortgagee's request Mortgagor will furnish current financial statement satisfactory to Mortgagee in form, preparation and content

5 If Mortgagor shall default in the prompt payment, performance or fulfillment of any of the Mortgage Obligations, or if Mortgagor shall cease doing business, or shall become insolvent, or make an assignment for the benefit of creditors, or if bankruptcy proceedings or proceedings for arrangement or reorganization under any Bankruptcy Act or proceedings for the appointment of a receiver, trustee, liquidator, or custodian for Mortgagor or any of Mortgagor's property shall be commenced by or against Mortgagor, or if Mortgagor shall fail punctually and faithfully to fulfill, observe or perform any of the terms, conditions, promises, covenants, provisions and warranties contained in this Mortgage or in any present or future agreement or instrument between Mortgagor and Mortgagee, or if any of the warranties, covenants or representations made to Mortgagee be or become untrue or incorrect in any adverse respect, or if there shall be a change in the management, operations, ownership of its stock or control of Mortgagor, or if Mortgagee at any time deems the security afforded by this Mortgage unsafe, inadequate or at any risk, then in any such event all Mortgage Obligations shall at once, at the option of Mortgagee, become immediately due and payable without notice to Mortgagor, and in such event it shall be lawful for Mortgagee to take possession of the Mortgaged Property at any time, wherever it may be, and to enter any of the premises of Mortgagor with or without process of law, and search for, take possession of, remove, or keep and store the same in said premises, without liability for trespass nor charge for storage of the Mortgaged Property, until sold, and to sell the Mortgaged Property or any part thereof and all of Mortgagor's equity of redemption therein at public or private sale, without notice or advertisement, such notice or advertisement being expressly waived by Mortgagor, for cash or on credit, and on such terms as Mortgagee may in its sole discretion elect in such county and at such places as Mortgagee may elect and without having the Mortgaged Property at the place of sale. Mortgagee may bid or become the purchaser at any such sale and Mortgagor waives any and all rights of redemption from any such sale. The proceeds of any sale shall be applied first to pay all costs, expenses and charges for pursuing, searching, taking, removing, keeping, advertising, and selling the Mortgaged Property, including attorneys' fees equal to 20% of the unpaid Mortgage Obligations, and second to the payment, partly or entirely, of any of the Mortgage Obligations as Mortgagee may in its sole discretion elect, returning the overplus if any to Mortgagor, who shall remain liable to Mortgagee for any deficiency, and Mortgagor hereby irrevocably consents to the appointment of a receiver for the Mortgaged Property and/or all other property of Mortgagor, and of the rents, issues and profits thereof, after such sale and such receivership may continue until such deficiency is satisfied in full. Mortgagor expressly waives any right to notice or hearing in any action to recover possession of any or all of the Mortgaged Property. In any action in the nature of replevin or sequestration, Mortgagor agrees that if it contests such action it will post a bond written by a national insurance company authorized to execute such bonds in the state or territory of such proceedings, such bond to be no less than the value of the subject matter of such replevin or the unpaid balance then owing to Mortgagee, whichever be less. Mortgagor hereby irrevocably authorizes any attorney of any court of record to appear for and confess one or more judgments against Mortgagor (except in any jurisdiction where such action is not permitted by law) for all unpaid balances due under the Mortgage Obligations, any other monies due hereunder and any deficiency, without stay of execution, and waive the issue of process, all right of appeal and relief from any and all appraisalment, stay or exemption laws then in force. Any notices relating hereto shall be in writing and delivered in person to an officer of the party to whom addressed or mailed by certified mail to such party at its address specified herein or at such other address as may hereafter be specified by like notice by either party to the other. Reasonable notification hereunder shall be any notification given or sent at least five (5) days prior to the event for which such notification is sent. Mortgagor and Mortgagee hereby waive any and all rights to a trial by jury in any action or proceeding based hereon or arising hereunder or any counterclaims, cross-claims, set-offs or recoupment claims whatsoever.

6 Mortgagee may at any time, with or without exercising any of the rights or remedies aforesaid and without prior notice or demand to Mortgagor, appropriate and apply toward the payment of the Mortgage Obligations any and all balances, sums, property, credits, deposits, accounts, reserves, collections, drafts, notes or checks coming into Mortgagee's hands and belonging or owing to Mortgagor, and for such purposes, endorse the name of Mortgagor on any such instrument made payable to Mortgagor for deposit, discount or collection. Such applications may be made or any monies paid to Mortgagee may be applied without notice to Mortgagor, partly or entirely to any of the Mortgage Obligations as Mortgagee in its sole discretion may elect. In its sole discretion, Mortgagee may apply and/or change applications of any sums paid and/or to be paid by or for Mortgagor under any circumstances to any obligations of Mortgagor to Mortgagee, presently existing or otherwise. The interest rates which may be provided for in any instrument evidencing one or more Mortgage Obligations are and/or may be related to the New York City

banks' prime money rate in effect on the date of Mortgagor's request of Mortgagee with respect to the particular Mortgage Obligation involved and if thereafter there be one or more increases or decreases in said prime rate, the aforesaid interest rates shall each be increased (or decreased respectively) on the effective date of any such change in prime rate to the extent of .30% for each .25% change in the prime rate, however, in no event shall any interest rate be less than any stated in the instrument evidencing any Mortgage Obligation nor shall such rate ever be more than any maximum permitted by applicable law.

7. If, after default by Mortgagor in the payment, performance or fulfillment of any of the Mortgage Obligations or of the entire unpaid amount of the Mortgage Obligations after the same become or are declared due and payable, Mortgagee fails to demand full payment, performance or fulfillment or otherwise to proceed, such failure shall not be deemed a waiver of the rights of Mortgagee to make subsequent demands for the immediate payment of the entire unpaid amount of the Mortgage Obligations, or to take immediate possession of the Mortgaged Property, or to foreclose at any time this Mortgage, or to demand full performance or fulfillment, or otherwise to proceed; and the acceptance by Mortgagee of any payments subsequent to such default shall not be deemed a waiver of any rights of Mortgagee. No delay or failure on the part of Mortgagee in exercising any right, privilege, remedy or option hereunder shall operate as a waiver of such or of any other right, privilege, remedy or option, and no waiver whatever shall be valid unless in writing, signed by an officer of Mortgagee and then only to the extent therein set forth. This Mortgage cannot be changed or terminated orally. The books and records of Mortgagee containing entries with respect to the Mortgage Obligations shall be admissible in evidence in any action or proceeding, shall be binding upon Mortgagor for the purpose of establishing the items therein set forth and shall constitute prima facie proof thereof. Mortgagee shall have the right to enforce any one or more remedies available to it successively, alternately or concurrently. Only a writing, signed by an officer of Mortgagee, shall be effective, but only to the extent therein specifically set forth, to change, modify or terminate any Mortgage Obligation, this Mortgage or any other agreement between Mortgagor and Mortgagee.

8. All of the rights, remedies, options, privileges and elections given to Mortgagee hereunder shall enure to the benefit of Mortgagee, any transferee or holder of this Mortgage, and their respective successors and assigns; and all the terms, conditions, promises, covenants, provisions and warranties of this Mortgage shall enure to the benefit of and shall bind the representatives, successors and assigns of the respective parties. Any and all security interests granted to Mortgagee shall attach to any and all proceeds and products. Each person signing this Mortgage warrants full authority to sign for the party named and said person, individually, together with the party named, shall be jointly and severally liable for the unpaid balance of the Mortgage Obligations in the event of the breach of the above provision and/or in the event Mortgagor fails to pay its obligations in full to Mortgagee immediately upon the sale, transfer, assignment or conversion of any of the Mortgaged Property and agrees that upon the request of Mortgagee after any default to segregate and hold all or any part of the Mortgaged Property in a fiduciary capacity and to adequately maintain service and insure said property and to protect same from use and/or abuse, all without charge to Mortgagee, such fiduciary duty to terminate only upon the actual delivery of the Mortgaged Property to Mortgagee. Mortgagor, recognizing that in the event of default no remedy at law would provide adequate relief to Mortgagee, agrees that Mortgagee shall be entitled to temporary and permanent injunctive relief without the necessity of proving actual damages.

9. Some of the Mortgaged Property may be in the hands of Mortgagor under one or more security agreements which are or may be held by Mortgagee and with respect to such Mortgaged Property, this Mortgage is only of any equity that Mortgagor may now or in the future have in such Mortgaged Property and Mortgagee by accepting this Mortgage shall not in any manner be considered as having waived any security interest arising independently of this Mortgage nor shall this Mortgage be construed as adversely affecting any rights of Mortgagee under any other security agreement nor as a waiver of any of the terms and provisions of any other security agreement, guaranty or endorsement, all of which shall remain and continue in full force and effect.

10. Intending that each and every provision of this Mortgage be fully effective and enforceable according to its terms, the parties agree that the validity, enforceability and effectiveness of each provision hereof shall be determined by the law of the state where the Mortgaged Property may be located or the residence or principal place of business of Mortgagor or Mortgagee, whichever renders each such provision effective; however, if any one or more provisions hereof are in conflict with any statute or law and therefore not valid or enforceable, then each such provision shall be deemed null and void but to the extent of such conflict only and without invalidating or affecting the remaining provisions hereof.

IN WITNESS WHEREOF, Mortgagor has caused these presents to be duly executed, the day and year first above written

Buyer, jointly and severally if more than one, hereby agrees and promises to pay to the order of Seller or any assignee or endorsee (hereinafter collectively called "Holder") hereof at the office of Credit Alliance Corporation in New York, New York or at such other place as the Holder hereof may from time to time appoint, the sum of One hundred sixty three thousand six hundred twelve and 80/100 ***** Dollars (\$ 163,612.80)

being the above indicated Contract Price (hereinafter called the "time balance") in 48 successive monthly installments, commencing on the 11th day of August, 19 86, and continuing on the same date each month thereafter until paid; the first 47 installments each being in the amount of \$ 3,408.60 and the final installment being in the amount of \$ 3,408.60

with interest from date hereof on the unpaid amount of said time balance being payable monthly to the Holder until maturity at the rate of -0- % per annum and after maturity at the highest lawful contract rate plus all collection, late and other charges and if placed in the hands of an attorney for collection, a reasonable sum (20%) as attorneys' fees. The makers, endorsers and all parties to this contract note hereby waive presentment for payment, demand, protest, notice of protest and notice of dishonor hereof, and further hereby waive all benefits of valuation, appraisal and exemption laws. Holder may extend the time of payment hereof, postpone the enforcement hereof, grant any other indulgence and add or release any party primarily or secondarily liable hereon without affecting or diminishing the Holder's right of recourse against the makers, endorsers and all parties hereto, which right is hereby expressly reserved.

Title to the property is to remain in Holder until the time balance and any and all other sums owing by Buyer to Holder or any judgment therefor are fully paid and all the terms, conditions and agreements herein contained shall have been fulfilled. Injury to or loss or destruction of the property, from whatever cause, shall not release Buyer from payment as provided herein. Buyer acknowledges that before the execution of this contract Seller quoted to Buyer both a cash price and a time price for the property and offered to sell same to Buyer for either of such prices. Buyer agrees: at Buyer's own expense to keep the property in good order and repair; not to misuse, abuse or illegally use the property; to be responsible for all loss or damage to the property from any cause whatsoever; to immediately notify Holder of any change in Buyer's residence; not to create or suffer any liens or adverse claims of any kind against the property, nor permit nor suffer it to come into the possession of any other person, nor sell nor remove it nor suffer its removal from the place of its location shown above without prior written consent from Holder; not to remove nor permit to be removed any equipment or accessories now or hereafter placed upon the property; to keep the property insured, at Buyer's expense, against loss or damage by fire, theft, collision (if appropriate) and such risks as are customary, in amount, form, coverage and insurer satisfactory to Holder, with loss payable to Holder as its interest may appear, such policies to be delivered to Holder; and if Buyer fails to so insure, Holder shall have the right to do so at Buyer's expense. Buyer hereby irrevocably appoints Holder as Buyer's attorney-in-fact to make claim for, reserve payment of and execute and endorse all documents, checks or drafts received in payment of loss or damage under any insurance. Buyer acknowledges that no warranties, representations nor agreements not expressed herein have been made by Holder. Buyer further acknowledges notice of Seller's intended assignment/endorsement of this contract note, and upon such assignment/endorsement, Buyer agrees not to assert against any assignee/endorsee hereof any defense, setoff, recoupment claim or counterclaim which Buyer may have against Seller, whether arising hereunder or otherwise. In any jurisdiction where the Uniform Commercial Code is in effect Buyer grants to Holder a security interest in the property and any and all inventory, goods, equipment, machinery, fixtures and assets of any and every kind, wherever located now or hereafter belonging to Buyer or in which Buyer has any interest (all hereinafter collectively called "collateral") and agrees that said security interest secures any and all obligations of Buyer at any time owing to Holder, now existing and/or hereafter incurred. Buyer shall not assign this contract without the prior written consent of Holder.

Time is of the essence of this contract note. If Buyer fails to pay any amount when due, or defaults in the prompt and faithful performance of any of the terms and conditions hereof or any other agreement with Holder, or becomes insolvent, or changes its management, operations, ownership of its stock or control, or if bankruptcy, receivership or other insolvency proceeding is instituted by or against Buyer, or if Holder shall at any time deem

the property in danger of misuse, concealment, or misappropriation, or if Holder shall deem itself insecure, then Holder may, without notice or demand, declare the entire unpaid balance hereunder together with interest, collection and late charges, attorneys' fees and any and all other sums owing to Holder (all collectively called the "Balance") immediately due and payable, whereupon Balance shall immediately be due and payable, and Buyer will immediately deliver possession of the collateral to Holder who may, without notice or demand or legal process, to the extent permitted by law: (1) recover the Balance; (2) repossess the collateral, which Buyer shall assemble at and deliver to a place designated by Holder (Buyer hereby authorizes and empowers Holder, or its designee, to enter upon any premises where the collateral may be found and take possession and carry away same without process of law) and (A) retain collateral and all payments made hereunder, or (B) retain all payments and sell collateral at public or private sale (all without publication or notice to Buyer and with the right in Holder to purchase any collateral at such sale), applying the net proceeds to all charges and expenses incurred by Holder in connection with the repossession, storage, repair, refurbishing and sale, including attorneys' fees, then to the Balance plus late charges thereon, then to any other amounts owing by Buyer to Holder, and then pay any overplus to Buyer, who shall remain liable for any deficiency with interest at the highest lawful contract rate, or (C) retain the collateral and all payments made hereunder, credit Buyer with the then reasonable value of the collateral and recover from Buyer any deficiency together with any late charges, expenses and interest at the highest lawful contract rate, or (D) pursue any other remedy permitted by law or equity. It is agreed that any amount to be retained by Holder and the balance to be paid by Buyer under this paragraph shall not be as a penalty but as liquidated damages for the breach hereof. The remedies provided for herein may be exercised, to the extent permitted by law, successively or concurrently and the exercise of one shall not bar the other. Buyer and Holder waive any and all right to a trial by jury in any action or proceeding based hereon. Buyer hereby irrevocably authorizes any attorney of any court of record to appear for and confess judgment against Buyer (except in any jurisdiction where such action is not permitted by law) for the Balance and other monies due to Holder, plus expenses and 20% added for attorney's fees, without stay of execution, and Buyer hereby waives and releases relief from any and all appraisement, stay or exemption laws then in force and further waives, with full knowledge of Buyer's rights and the effect of this waiver, any right to a hearing prior to any retaking of collateral by Holder. Holder is hereby authorized to file one or more financing statements or a reproduction hereof as a financing statement. All security interests shall attach to any proceeds. In its sole discretion Holder may apply and/or change applications of any sums paid and/or to be paid by or for Buyer under any agreements, to any obligations of Buyer to Holder, presently existing or otherwise. Each person signing this contract warrants full authority to sign for the party named and said person, individually, together with the party named, shall be jointly and severally liable for the Balance hereunder. Late charges shall be calculated at one-fiftieth of 1% per day but not exceed any maximum permitted by applicable law.

This contract note contains the entire agreement of the parties and may not be modified except in writing. Seller shall not by acceptance of overdue payments or by any act or omission to act be deemed to have waived any right hereunder. A waiver on one occasion shall not operate as a waiver on a future occasion. As part of the consideration for Seller's entering into this contract, Buyer hereby designates and appoints Stuart B. Glover, Esq., New York, New York, and C-A Credit Corp., New York, New York, or either of them, as Buyer's true and lawful attorney-in-fact and agent for Buyer and in Buyer's name, place and stead to accept service of any process within the State of New York, Holder agreeing to notify Buyer, at Buyer's address shown herein, by certified mail, within three days of such service having been effected. The parties hereto agree to the venue and jurisdiction of any court in the State of New York regarding any matter arising hereunder. Any provision hereof violating the law of any jurisdiction shall when governed by the law of such jurisdiction, be deemed void to the extent of such prohibition, but without invalidating the remaining provisions hereof. The parties each warrant and agree that Buyer has not received possession of the property prior to the date hereof. Intending that each and every provision of this contract note be fully effective according to its terms, the parties agree that the validity, enforceability and effectiveness of each provision hereof shall be determined by the law of the state of residence or principal place of business of the Buyer, Seller or Holder, whichever renders each such provision effective. This contract shall be binding upon the heirs, administrators, legal representatives and successors of the Buyer.

Assignee is hereby authorized to file one or more financing statements against or in the name of Seller. Seller expressly represents and warrants that the contract arises out of a bona fide sale in the first instance of the property by Seller to Buyer and that title to the property originated with Seller and not with Buyer and that prior to the execution of the contract, Buyer did not either directly or indirectly have any interest in the property, and that an actual delivery to and acceptance by Buyer has been made for Buyer's proper uses and purposes, and that any down payment was made by Buyer in cash and not its equivalent unless otherwise specifically stated to the contract and that no part thereof was loaned directly or indirectly by Seller to Buyer; Seller will not advance, give, or loan to Buyer directly or indirectly any part of the unpaid purchase price; that Buyer has not and will not either directly or indirectly receive from or through Seller any part of the consideration for this assignment and that Seller shall be fully liable for payment of all of Buyer's obligations in the event Buyer fails to pay its obligation under the contract in full immediately upon the sale, transfer, assignment or conversion of the property. Record Owner of Real Estate:

Lessee acknowledges receipt of and accepts Equipment, and acknowledges that no warranties, representations or agreements not expressed herein have been made by Lessor; and Lessee further acknowledges notice of the intended assignment of this lease to either Credit Alliance Corporation or Leasing Service Corporation (said assignee hereinafter called "Lessor") and upon such assignment, Lessee agrees not to assert against the Lessor and any subsequent Assignee any defense, setoff, recoupment, claim or counterclaim which Lessee may have against the original lessor who has executed this lease agreement and/or any subsequent Lessor, whether arising hereunder or otherwise. Lessee, jointly and severally, if more than one, agrees and promises to pay to the order of Lessor or Credit Alliance Corporation or Leasing Service Corporation (whoever is the then holder of this lease, such holder hereinafter called "Lessor"), said Balance of Rent, plus any applicable sales tax, in successive monthly installments commencing on the 10th day of August, 1986, and continuing on the same date of each month thereafter until paid;

the first 32 installments shall each be in the amount of \$ 239.00, plus any applicable sales tax, and the final installment shall be in the amount of \$ 239.00, plus any applicable sales tax, payable at any office of Lessor, or at such other place as Lessor may from time to time appoint. The term of this lease shall commence upon the acceptance hereof by lessor and shall terminate 30 days following the due date for the final installment of rent as provided hereinabove.

Equipment shall be located at the address herein set forth, and shall not be removed from such location without the prior written consent of Lessor. Lessee will not change or remove any insignia or lettering which is or may be placed on Equipment indicating Lessor's ownership thereof and at any time during the term of this lease, upon request of Lessor, Lessee will affix to Equipment in a prominent place, labels, plates or other markings stating that Equipment is owned by Lessor. Lessee shall use Equipment solely in the conduct of its business and in a careful, lawful and proper manner, and shall not part with possession of or enter into any sub-lease with respect to Equipment or any part thereof or assign this lease or any interest hereunder without the prior written consent of Lessor and any attempted assignment shall be null and void. Lessee, at its own cost and expense, shall keep Equipment in good repair, condition and working order and shall furnish any and all parts and labor required for that purpose. Lessee shall not make any material alterations to Equipment without the prior written consent of Lessor. No invoice issued prior to the complete performance of this lease shall operate to pass title to Lessee. All equipment, accessories, parts and replacements for or which are added to or become attached to Equipment shall immediately become the property of Lessor and shall be deemed incorporated in Equipment and subject to the terms of this lease as if originally leased hereunder.

Lessee hereby assumes and shall bear the entire risk of loss of and damage to Equipment from any and every cause whatsoever. No loss of or damage to Equipment or any part thereof shall impair any obligation of Lessee hereunder, which shall continue in full force and effect. In the event of damage of any kind whatever to any item of Equipment (unless the same is damaged beyond repair), Lessee, at the option of Lessor, shall at Lessee's expense place the same in good repair, condition and working order, or replace the same with like Equipment of the same make and of the same or a later model, and in good repair, condition and working order. If Equipment, or any portion thereof, is determined by Lessor to be lost, stolen, destroyed or damaged beyond repair, Lessee shall immediately pay Lessor therefor in cash an amount equal to the actual fair market value of the Equipment involved plus 25% of the aggregate amount of unpaid Total Rent for the balance of the term of this lease allocated by Lessor to the Equipment involved. Upon payment as Equipment involved but in no event less than 115% of the unpaid Total Rent allocated by Lessor to the Equipment involved. The proceeds of any insurance payable as result of loss of or aforesaid, this lease shall terminate with respect to the terms of Equipment so paid for. The proceeds of any insurance payable as result of loss of or damage to Equipment shall be applied, at the option of Lessor, toward the replacement, restoration or repair of Equipment or toward payment of the obligations of Lessee hereunder. Lessee shall indemnify and save Lessor harmless from any and all liability arising out of the ownership, selection, possession, leasing, renting, operation, control, use, maintenance, delivery and/or return of Equipment, but shall be credited with any amounts received by Lessor with respect thereto from liability insurance procured by Lessee. Lessee shall keep Equipment insured against all risks of loss or damage of any cause whatsoever for not less than (a) the actual fair market value of the Equipment; or (b) the cost of Equipment to Lessor less reasonable depreciation; or (c) the aggregate amount of unpaid Total Rent for the balance of the term on this lease; whichever be greater, and shall carry public liability insurance, both personal injury and property damage, covering Equipment. All said insurance shall be in form and amount and with companies satisfactory to Lessor. All insurance for loss or damage shall provide that losses, if any, shall be payable to Lessor, and all such liability insurance shall be in the joint names of Lessor and Lessee. Lessee shall pay the premiums therefor and deliver to Lessor the policies of insurance or duplicates thereof, or other evidence satisfactory to Lessor of such insurance coverage. Each insurer shall agree, by endorsement upon the policy or policies issued by it or by independent instrument furnished to Lessor, that it will give Lessor 30 days' prior written notice of the effective date of any alteration or cancellation of such policy. Lessee hereby irrevocably appoints Lessor as Lessee's attorney-in-fact to make claim for, receive payment of, execute and endorse in Lessee's name, all documents, checks or drafts due and/or payable to Lessee or any other party. In case of the failure of Lessee to procure or maintain said insurance or to comply with any other provision of this lease, Lessor shall have the right, but shall not be obligated, to effect such insurance or compliance on behalf of Lessee. In that event, all moneys spent by the expenses of Lessor in effecting such insurance or compliance shall be deemed to be additional rent, and shall be immediately paid by Lessee to Lessor. At Lessor's request, Lessee will furnish current financial statements satisfactory to Lessor in form, preparation and content. Lessee shall comply with all laws and regulations relating to, and shall promptly pay when due, all license fees, registration fees, assessments, charges and taxes which may now or hereafter be imposed upon the ownership, possession, leasing, renting operation, control, use, maintenance, delivery and/or return of Equipment, and shall save Lessor harmless against actual or asserted violations, and pay all costs and expenses of every character in connection therewith or arising therefrom.

Title to equipment shall at all times remain in Lessor, and Lessee, at its own cost and expense, shall protect and defend the title of Lessor. Lessee shall at all times keep Equipment free and clear from all levies, attachments, liens, encumbrances and charges or other judicial process of every kind whatsoever, shall give Lessor immediate written notice thereof and shall indemnify and save Lessor harmless from any loss or damage caused thereby. Lessee will cooperate with Lessor, and take whatever action may be necessary, to enable Lessor to file, register or record, and refile, re-register or re-record this lease in such offices as Lessor may determine and wherever required or permitted by law, for the proper protection of Lessor's title to Equipment, and will pay all cost, charges and expenses incident thereto. Equipment is and shall remain personal property irrespective of its use or manner of attachment to realty, and Lessee will not cause or permit Equipment to be attached to realty in such manner that it might become part of such realty without securing the prior written consent of Lessor and the prior written agreement of the owner (if other than Lessee) and of any mortgagees of such realty, that Equipment shall remain personal property and may be removed at the option of Lessor. If Equipment is removed, with the consent of Lessor, from the address specified above, Lessee shall advise Lessor of its exact location. In any jurisdiction where the Uniform Commercial Code is in effect Lessee grants to Lessor a security interest in the Equipment and any and all inventory, goods, equipment, machines, fixtures and assets of any and every kind, wherever located, now or hereafter belonging to Lessee in which Lessee has any interest and agrees that any security interest created by this agreement secures any and all obligations of Lessee at any time owing to Lessor, now existing and/or hereafter incurred. Lessor may, for the purpose of inspection, at all reasonable times, enter upon any job, building or place where Equipment is located and may remove Equipment forthwith, without notice to Lessee, if Equipment is, in the opinion of Lessor, being used beyond its capacity or in any manner improperly.

cared for or abused. Lessor is hereby authorized to file one or more financing statements or a reproduction hereof as a financing statement.

If Lessee fails to pay any rent or any other amount hereunder when due or fails to pay when due any indebtedness of Lessee to Lessor arising independently of this lease or fails to perform any of the terms and provisions hereof or of any other agreement with Lessor or changes its management operations, ownership of its stock or control, or becomes insolvent or makes an assignment for the benefit of creditors or if any bankruptcy, receivership or other insolvency proceeding is instituted by or against Lessee or if Lessor shall at any time deem the Equipment in danger of misuse, concealment or misappropriation or if Lessor shall deem itself insecure, then Lessor may, without notice or demand, declare the entire amount of rent then unpaid hereunder together with delinquency charges, collection charges and attorney's fees and all other sums owing to Lessor by Lessee (the sum of all of which is hereinafter called the "Balance") immediately due and payable, whereupon said Balance shall immediately be due and payable and Lessee will immediately deliver possession of the Equipment to Lessor and Lessor may, at its option and without notice and without legal process (Lessee hereby waiving, with full knowledge of Lessee's rights and the effect of this waiver, any right to a hearing prior to any retaking of any property by Lessor), to the extent permitted by law: (1) recover the Balance; (2) take possession of the Equipment wherever same may be located (with all additions and substitutions); Lessee agreeing to assemble same at and deliver same to a place designated by Lessor, whereupon all rights of Lessee in the Equipment shall terminate absolutely (but Lessee shall not be released from its obligations under this agreement until the Balance has been paid in full). Lessee hereby authorizing and empowering Lessor or its designee to enter upon any premises where the Equipment may be found and take possession and carry away same without process of law, and (a) retain Equipment and all prior payments of rent; or (b) retain all prior payments and either (i) sell Equipment at public or private sale (all without publication or notice to Lessee and with the right in Lessor to purchase any of the Equipment at such sale) applying any net proceeds less 15% of Total Rent to all charges and expenses incurred by Lessor in connection with or incidental to the retaking, storage, repair, refurbishing and sale, including attorney's fees, then to the Balance and then to any other amounts owing by Lessee to Lessor; or (ii) retain Equipment and credit Lessee with the reasonable re-leasing value of the Equipment; Lessee remaining in any event liable for any deficiency; and (3) pursue any other remedy permitted by law or equity. It is agreed that any amounts to be retained by Lessor and any sums to be paid by Lessee under this paragraph shall not be as a penalty but as liquidated damages for the breach hereof. The remedies provided for herein are cumulative and may be exercised, to the extent permitted by the law of controlling jurisdiction, successively or concurrently, and the exercise of one shall not bar any other. Lessor and Lessee waive any and all right to a trial by jury in any action or proceeding based hereon or relating to the subject matter hereof. Lessee hereby irrevocably authorizes any attorney of any Court of Record to appear for and confess judgment against Lessee (except in any jurisdiction where such action is not permitted by law) for the Balance plus reasonable attorney's fees which are hereby agreed to be no less than 20% of any amount sought, without stay of execution, and Lessee hereby waives and releases relief from any and all appraisal, stay or exemption laws then in force. As part of the consideration for Lessor's entering into this lease, Lessee hereby designates and appoints Stuart B. Glover, Esq., New York, New York and C-A Credit Corp., New York, New York, or either of them, as Lessee's true and lawful attorney-in-fact and agent for Lessee and in Lessee's name, place and stead to accept service of any process within the State of New York. Lessor agreeing to send notice thereof to Lessee at its address shown herein, by certified mail, within three days of such service having been effected. The parties hereto agree to the venue and jurisdiction of any court located within the State of New York regarding any matter arising hereunder. No failure on the part of Lessee to exercise, and no delay in exercising any right or remedy hereunder shall operate as a waiver thereof; nor shall any single or partial exercise by Lessor of any right or remedy hereunder preclude any other right or remedy. Time is of the essence of this lease and shall not be affected by acceptance of any overdue payment. Should Lessee fail to pay any part of the rent herein reserved or any other sum required to be paid by Lessee hereunder, Lessee shall pay Lessor a delinquency charge of 1/15 of 1% per day on such delinquent payment, but not to exceed, however, the maximum permitted by applicable law, from the date when such payment was due until paid, and expenses of collection, including attorney's fees. Any security interest granted herein shall attach to any proceeds. Each person signing this agreement warrants full authority to sign for the party named and said person, individually, together with the party named shall be jointly and severally liable for the balance of rent hereunder. Lessor may, in its sole discretion apply and/or change applications of any sums paid and/or to be paid by or for Lessee under any agreements to any obligations of Lessee presently existing or otherwise.

On termination hereof, Lessee shall, at its own cost and expense, return Equipment to Lessor at such address specified by Lessor, in the same condition as received, reasonable wear and tear and normal depreciation excepted. Lessee shall have the option, if Lessee is not in default hereunder, to purchase Equipment as a whole but not in part as-is, where-is, at the end of the original or any renewal term hereof, upon giving at least 60 days' prior written notice to Lessor, and upon payment simultaneously with such notice of the Purchase Option amount as indicated on the reverse side hereof. If, upon the expiration of the original or any renewal term hereof, Lessee is not then and has not been in default in any of Lessee's obligations to Lessor and this lease specifies a Renewal Rent amount, Lessee may renew this lease for one year at the Renewal Rent so specified by giving Lessor written notice of renewal at least 60 days prior to the expiration of the initial or any renewal term and payment along with such notice of the Renewal Rent amount. If this lease is not renewed under the terms of the immediately preceding sentence for any reason whatsoever, and if Lessee fails to purchase the Equipment or return the Equipment as herein provided at the end of the then current term hereof, this lease shall be renewed for an additional one year term at the same rent provided for in this lease the initial term, subject to termination by Lessor at any time upon written notice to Lessee. All of the terms and conditions of this lease shall apply and be in full force and effect during any and all renewal terms.

This contract contains the entire agreement of the parties and may not be modified except in writing. Any provisions hereof violating the law of any jurisdiction shall, when governed by the law of such jurisdiction, be deemed void to the extent of such prohibition, but without invalidating the remaining provisions hereof. The parties hereto each warrant and agree that Lessee has not received possession of the Equipment prior to the date hereof. Intending that each and every provision of this agreement be fully effective according to its terms, the parties hereto specifically agree that the validity, enforceability and effectiveness of each provision shall be determined by the law of the state of residence or principal place of business of Lessee or Lessor or the original lessor, whichever may render each such provision effective. This agreement shall be binding upon the heirs, administrators, legal representatives and successors of Lessee.

GUARANTORS SIGN HERE:

The undersigned, jointly and severally, hereby unconditionally guaranty and warrant the full and complete payment and performance of the above Equipment Lease Agreement in accordance with the terms thereof and any and all renewals, continuations, modifications, extensions, compromises, supplements and amendments thereof, without deduction by reason of set-off, defense or counterclaim. Notice of acceptance hereof and all notices of any kind to which we may be entitled is hereby waived. The liability of each of the undersigned is direct and unconditional and may be enforced without requiring Lessor to first resort to any other right, remedy or security and shall survive any repossession of Equipment, whether or not such constitutes an election of remedies against Lessee; nothing shall discharge or satisfy our liability hereunder except the full performance and payment of the above lease.

ASSIGNMENT TO BE EXECUTED BY LESSOR

For valuable consideration, the receipt whereof is hereby acknowledged, the undersigned ("Lessor") hereby sells, assigns, transfers and sets over to CREDIT ALLIANCE CORPORATION and/or LEASING SERVICE CORPORATION ("Assignee"), its successors and assigns, the within Equipment Lease Agreement (the "lease") and all right, title and interest in and to the property therein described (the "Equipment"), and all rights, powers and remedies therein, including the right to collect all sums due or to become due thereon and any notes, contracts of guaranty or surety and collateral of any kind or nature which Lessor has and will have pertaining to said lease and the right either in Assignee's own name, or in Lessor's name, to take such legal proceedings or otherwise as Lessor might have taken save for this assignment, and warrants the payment when due of each sum payable thereunder and the payment on demand of the entire unpaid balance, in the event of nonpayment by the Lessee of any payment at its due date or of any other default by the Lessee without first requiring Assignee to proceed against said Lessee. Lessor will reimburse Assignee for all expenses not paid by Lessee, in connection with enforcing its rights hereunder, including but not limited to, attorneys' fees, court costs, expenses of repossession and sale and interest on overdue payments. In consideration of Assignee accepting this assignment, Lessor hereby designates and appoints Stuart B. Glover, Esq., New York, New York, and C-A Credit Corp., New York, New York, or either of them, as Lessor's true and lawful attorney-in-fact and agent for Lessor and in Lessor's name, place and stead to accept service of any process within the State of New York, Assignee agreeing to notify Lessor at its address shown in the contract by certified mail within three (3) days of such service having been effected. Assignee may at any time, without prior notice or demand to Lessor, appropriate and apply toward the payment of any of Lessor's obligations to Assignee, any and all balances, sums, property, credits, accounts, reserves, collections checks or instruments belonging or payable to Lessor and in Assignee's possession, and for such purposes endorse the name of Lessor on any instrument payable to Lessor. Lessor agrees that Assignee may audit Lessor's books and records relating to all paper sold to it and agrees that without notice to and without releasing the liability of Lessor hereon, Assignee may release any rights against, grant extensions of time payment, and compromise claims with, the Lessee or any other obligor on the lease and repossess and resell any Equipment, and Lessor waives presentment and demand for payment, protest and notice of protest as to any note or notes endorsed or hereafter to be endorsed by Lessor, and Lessor expressly waives the benefits of any present or future provisions of law which might extend the obligation of Lessor as the result of any extension obtained by the Lessee in any proceedings under any present or future provisions of law.

Lessor warrants that the lease is genuine, enforceable, the only lease executed for the Equipment, is in all respects what it purports to be, is a valid obligation arising out of the lease of the Equipment to the Lessee in the ordinary course of business, contains the entire agreement and all instruments made or given in connection with such transaction and will be paid and performed according to its terms; that all statements therein contained are true; that at the time of execution of this assignment Lessor had good title to the Equipment and the right to transfer title thereto; that the Equipment has been duly delivered and accepted in accordance with the terms of the lease, will be insured as provided in the lease and will be satisfactorily maintained, protected and will operate to the satisfaction of Lessee and Lessor will comply with all of its obligations with respect to the Equipment; that all parties to the lease have capacity to contract; that Lessor has no knowledge of any facts which impair the validity of said lease or render it less valuable or valueless; that there is unpaid and owing thereon the whole of the balance due and Lessor warrants against all liens, claims, defenses and counterclaims, real or claimed, and compliance with all filing and recording requirements and all Federal, State and Municipal laws and rules, orders or regulations having the force of law regarding leases, conditional sales contracts, chattel mortgages and installment paper, hereby agreeing that any filing or recording or renewals thereof of which Assignee may undertake at Lessor's request, or otherwise, shall be at Lessor's expense and without any responsibility whatsoever on Assignee's part for any omission or invalid accomplishment thereof, whether through Assignee's failure, neglect, or for any reason, and such omission or invalid accomplishment shall not relieve Lessor of any responsibility to Assignee. Lessor expressly represents and warrants that the lease arises out of a bona fide lease or sale in the first instance of the Equipment by Lessor to the Lessee, that title to the Equipment originated with Lessor and not with the Lessee, that prior to the execution of the lease the Lessee did not either directly or indirectly have any interest in the Equipment, that an actual delivery to and acceptance by the Lessee has been made for the Lessee's proper uses and purposes, that any advance rent or down payment was made by Lessee in cash and not its equivalent unless otherwise specifically stated in the lease, that no part thereof was loaned directly or indirectly by Lessor to the Lessee, that Lessor will not advance, give, or loan to the Lessee directly or indirectly any part of the unpaid rent or any other sum payable under the lease, that the Lessee has not and will not either directly or indirectly receive from or through Lessor any part of the consideration for this assignment and that Lessor shall be fully liable for payment of all of Lessee's obligations in the event Lessee fails to pay the Balance under the lease in full immediately upon the sale, transfer, assignment or conversion of the Equipment. Lessor shall have no authority without Assignee's prior written consent to accept collections and/or repossess and/or consent to the return of the Equipment and/or modify the terms of the lease.

Notice of the acceptance hereof is hereby waived, and none of the terms hereof shall be modified except by a writing signed by an officer of Assignee. This assignment has been executed and delivered to Assignee pursuant to and in furtherance of existing agreement, if any, between Lessor and Assignee. All representations, warranties and agreements therein contained are incorporated herein by reference and are deemed repeated by Lessor so as to induce Assignee to accept this assignment.

- Union Carbide Corporation et al v. Shentel Brothers (Action No. 8004 of 1983) (File No. 83/0562B/6)

Defendant subject to an interim injunction, terms of settlement agreed, but delay in finalising due to sole proprietor's bad health.

- Union Carbide Corporation et al v. Luxmi Export Import Co. and P.S. Chellaram & Co. Ltd. (Action No. 9661 of 1983) (File No. 83/0563/5)

Ex-parte injunctions granted July 28th, 1983, maintained interim injunction against Luxmi, but lost it against Chellaram. Settlement of Claim served April 14th, 1984, agreement with Luxmi's solicitors generally extending their time to serve defense. Chellaram's defense filed April 30th, 1984. Neither side has attempted to bring this action on to trial and in fact there was no correspondence at all between the parties throughout the whole last year.

- Union Carbide Corporation and Vai Lee See Printing Press Co. (File No. 86/0-005/0)

Investigation conducted by CIS upon the instructions to Pat Mannix into a printing company producing Eveready labels for transistors radios.

- Possible infringement action in Hong Kong against a manufacturer of an IV(RHANY key chain. We are not considering a full investigation into this matter.

Legal:

- Union Carbide Corporation vs. Lycaen et al.

The defendants just settled with UCC by paying MH200,000 to UCC. We are applying with the court for collection of the security bond previously placed by UCC for provisional attachment order. Receipt of the security bond is expected in a month.

- Union Carbide Corporation vs. Kunsenter Trading, et al.

We sued Kunsenter Trading and its two officers for compensation of the damages in the amount of US\$18,100. The District Court awarded HCC US\$15,100 as compensation. The defendants appealed this case to High Court and then Supreme Court. Last year the Supreme Court abrogated the original decision and remanded it to High Court for retrial. At present, this case is still pending in Taiwan High Court.

Union Carbide Corporation vs. Lee Brother, et al.

The original claim of UCC is NT\$2,215,000. However, High Court merely awarded NT\$17,626 to UCC. Subsequently UCC was not satisfied with the portion not granted by High Court and appealed it to the Supreme Court. The Supreme Court considered the High Court decision inappropriate and remanded this case to Taiwan High Court for retrial.

PURCHASE AGREEMENT

BOOK 500 PAGE 658

THIS AGREEMENT made this 20th day of March, 1974, by and between EXCELSIOR VARNISH, INC., an Ohio corporation, its successors and assigns, hereinafter referred to as "Seller", and UNION CARBIDE CORPORATION, a New York corporation, its successors and assigns, hereinafter referred to as "Buyer".

WITNESSETH:

1. Seller agrees to sell and convey to the Buyer, and the Buyer agrees to purchase, all that lot and parcel of land with the buildings and improvements thereon, known for street number purposes as 1219 West 74th Street, Cleveland, Ohio, and being more fully described as follows:

Situated in the City of Cleveland, County of Cuyahoga, State of Ohio, and known as being Sublots Nos. 62, 63, 64, 65, and 66 in the Allotment made by W. J. Gordon of part of Original Brooklyn Township Lots. Nos. 29 and 30, as shown by the recorded plat in Volume 17 of Maps, Page 9 of Cuyahoga County Records, and together forming a parcel of land having a frontage of 197.89 feet on the Easterly side of West 74th Street, (formerly Pembroke Street), and extending back 123.35 feet on the Southerly line, 140.41 feet on the Northwesterly line, and having a rear line of 260.49 feet, as appears by said plat, be the same more or less, but subject to all legal highways.

2. Seller agrees to convey said premises to Buyer by good and sufficient general Warranty Deed containing the usual covenants and warranties, with conveyance fee in the proper amount at the expense of Seller, conveying to the Buyer good and marketable title in fee simple absolute to the property, free and clear of all liens and encumbrances, except zoning ordinances and taxes and assessments not due and payable.

3. Seller shall cause Land Title Guarantee and Trust Company, Cleveland, Ohio, to issue an owner's policy of title insurance in its usual and customary form and in the amount of Ninety Thousand Dollars (\$90,000.00) insuring Buyer that at the time of filing the deed for record, the fee simple title to the premises is vested in Buyer free from all title defects, liens

and encumbrances except zoning ordinances and taxes and assessments not due and payable. Seller shall pay all title examination charges and the premium cost of a title guaranty in the amount of Ninety Thousand Dollars (\$90,000.00). Buyer shall pay the additional premium cost of the policy of title insurance. If title to the premises cannot be insured as herein provided, then there shall be refunded to the Buyer any part of the purchase price paid or deposited in escrow, this Agreement shall terminate and thereafter neither party will have any further obligation hereunder; provided that Buyer may waive any title defect not hereinabove specified and Seller shall have one month after being advised by Land Title of any such title defect not so waived in which to cure the same.

4. Buyer agrees to pay to Seller as the purchase price for said premises, buildings, and improvements, the sum of Ninety Thousand Dollars (\$90,000.00), as follows: The sum of Five Thousand Dollars (\$5,000.00) to be deposited in escrow with Land Title Guarantee and Trust Company, which is hereby designated as Escrow Agent for this transaction, such deposit to be within two (2) business days after execution of this Purchase Agreement, and the balance of Eighty-Five Thousand Dollars (\$85,000.00) to be deposited by Buyer with said Escrow Agent as hereinafter provided.

5. Seller shall deposit its warranty deed with said Escrow Agent on or before ninety (90) days after date of execution of this Agreement. As soon as the Escrow Agent has received said deed and when, upon recording the deed, Land Title will issue to Buyer its title insurance policy in accordance with Section 3 hereof, then the Escrow Agent shall so advise Buyer. Buyer shall, within five (5) business days thereafter, deposit the balance of the purchase price in escrow. If there has been no change in title preventing Land Title from issuing said title policy, the Escrow Agent shall promptly upon receipt of such funds complete the transaction by recording the deed and disbursing the purchase price to Seller less deduction by reason of proration of taxes and expenses of this transaction chargeable to Seller. The date

of filing the deed for record is hereinafter referred to as the "Closing Date." The parties agree that time is of the essence of this Agreement and that each party shall cooperate fully to cause this transaction to be completed at the earliest possible time.

Seller agrees that the twenty-thousand gallon storage tank located on the premises above-ground and a certain ten-thousand gallon storage tank located on the premises below-ground, and any other storage tanks located on the premises below ground, shall be and become the sole property of the Buyer, and shall be included in this Agreement.

7. Seller and Buyer covenant and agree that Buyer shall have the right to remove from the premises, all trade machinery and equipment, chattels, and other movable property ("Seller's equipment"), save and except such as is specifically excepted above. Seller shall use reasonable care to remove such property without waste to the premises. Seller agrees to remove all Seller's machinery and equipment from the premises prior to the Closing Date. On the Closing Date, Seller shall surrender possession of the premises by delivering to Buyer all keys to the buildings on the premises.

8. Seller represents that, to the best of its knowledge, the premises and the buildings and improvements thereon comply with all building and zoning regulations applicable thereto. If, prior to the Closing Date, there have been any repairs, improvements or construction on the premises within the period provided by law for the filing of mechanic's liens, Seller shall either furnish evidence satisfactory to Buyer of payment in full for all labor and materials or provide security satisfactory to Buyer which will permit payment in full of any claim for labor and material which may thereafter become a lien upon the premises.

9. Utility charges shall be prorated by the parties outside of escrow as of the Closing Date. Seller shall obtain final bills for all utility services and Buyer shall establish new accounts for such services. Insurance premiums shall not be prorated; Buyer shall procure such insurance coverage as Buyer deems appropriate and Seller shall cancel Seller's insurance

after the deed has been filed for record. All taxes and assessments (both general and special) shall be prorated by the Escrow Agent as of the Closing Date on the basis of a calendar year and the amounts shown on the last available County Treasurer's tax duplicate.

10. The Escrow Agent shall charge to the Seller and pay out of the purchase price, the following:

- a. The cost of the conveyance fee in the sum of Ninety Dollars (\$90.00).

For purposes of this transaction, a building shall be deemed to be substantially damaged if the cost of repair of all damage prior to completion of this transaction will exceed \$5,000.00. Within ten (10) days after receipt of the written statement of insurance payable on account of such damage or destruction, Buyer may elect to terminate this Agreement by written notice of termination to Seller. Upon such termination any part of the purchase price paid by Buyer or deposited in escrow shall be refunded to Buyer and thereafter neither party shall have any escrow shall be refunded to Buyer and thereafter neither party shall have any further obligation hereunder.
